(NIC)

Software Developer Trainee

- Worked on a project module called Integrated Personnel Information System abbreviated as IPIS which is developed using .NET Front-end and SQL Server Back-end.
- IPIS stores, retrieves and maintains the data of all the officers registered under the platform <https://supremo.nic.in> for the appointment in central deputation.
- The essential features are: Data Entry, Multi Query and ER Sheet. Among these my biggest challenge was to work on 'Multi Query' as I had to co-operate with 11 master tables and over 38 code file tables.

PERSONAL PROJECTS
